

ANALYTICAL SUMMARY & RECOMMENDATIONS REGARDING THE IMDB DATASET

Based on our analysis of the IMDB dataset, we can make the following conclusions:

- The 'Drama' genre saw the production of 1078 films in 2019. As a result, RSVP Pictures' next venture should concentrate on the "Drama" genre.
- The upcoming project may run for an average of roughly 107 minutes.
- We are able to determine from the dataset that the production company for their next project may be Dream Warrior Pictures (ranked first), National Theatre Live (ranked second), or both.
- James Mangold is a suitable candidate to direct their upcoming project because of his higher average rating.
- The actor for their upcoming project could be either Mohanlal (ranked second) or Mammootty (ranked first), based on the median rating.
- It is possible to select Taapsee Pannu as the actress for their upcoming project based on the total number of votes and average rating.
- Vijay Sethupathi could be brought on as an extra actor for their upcoming project, depending on the total number of votes and the local flavor.
- Due to their relatively higher number of votes than other production companies, Marvel Studios (ranked first), Twentieth Century Fox (ranked second), or Warner Bros can be considered as a global partner.
